

I am writing to let you know of my opposition to the proposed change in giving preference to LPFM stations preference over FM translator stations. This would in effect eliminate the only radio station in our area that I listen to. This station, Air 1 located in California provides music of a style not available from any other local station, providing a positive message, an alternative to the other stations in our area. This music and message are a positive influence in the lives of many teenagers in our area who listen to this station. I believe our community will be negatively affected by a decision that would take Air 1 off of our airwaves. Thank you for taking time to hear my comments.
